The Dream Crafter: Entwined Realms Series #2 by Danielle Monsch, Tavia Gilbert, Tantor Audio
The most feared mercenary in the New Realms, Merc takes what he thinks is a routine job - guarding a magic spell book until a secret auction takes place, one where only the most powerful and influential will have the opportunity to bid. But one moment of carelessness makes this job the most personal he has ever had, and if that wasn't enough, his dreams are being invaded by a mysterious woman he can't stop wanting. One moment of terror took away Amana's security and her brother's freedom. Now her life is doing whatever she must to survive, all the while trying to find the way to release her brother from prison. Her answer comes in an offer from the Guild, but the cost is high - using a power she has kept locked away on a man who terrifies her even as he fascinates her.
